LEMON GROVE REVIEW

Serves More Families — Tells More News

Vol 18, No. 36 | Lemon Grove, California | Thursday, March 31, 1966 | Phone 469-0101 | Ten Cents

A TASTY TREAT — Pamper, the trained chimp, nibbles at the escrow instructions of the Pampered Pet shop while nestling comfortably in the arms of her new parents, Mr. and Mrs. Howard Skidmore. Ronald Gondek, who sold the shop to the Skidmores last week, is at the right.

Lemon Grove's Only Zoo, Complete with Chimp, Sold

Lemon Grove's zoo has been sold. With the sale went "Pamper," Lemon Grove's only trained chimpanzee.

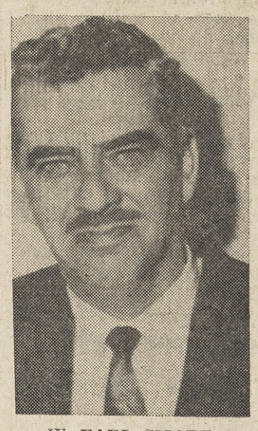

Mr. and Mrs. Howard D. Skidmore, of Jamul, have purchased the five-year old Pampered Pet from Ron Gondek.

The Pampered Pet, at 7820 Broadway, was opened by Gondek in 1960 as a pet shop. He expanded the business to include a zoo. Recently, he closed the zoo to spend more time training animals and appeared on teevee with the chimpanzee.

The Skidmores, Howard and Carol, took over the business early this week. Gondek will stay with the new owners until mid-April.

The business will be conducted along the same lines as it has in the past, the Skidmores said. The personnel will remain unchanged but the pet population will increased as soon as possible, the couple said.

Gondek and his family of 8296 Jefferson St., in Lemon Grove, will continue to live here. Gondek's plans are uncertain, "except for a long rest," he said.

Representing the National Science Foundation and National Steel and Shipbuilding will be Captain D. A. Scherer, USN (ret.), and E. E. Montgomery, assistant platform construction officer.

National S&S is constructing a drilling platform for the project.

Frank Seeley, Republican candidate for the 80th Assembly district, was last Friday's guest speaker.

Seeley spoke on "Our Red Enemy . . . Red Ink!" He discussed the problem of over spending the state budget.

Seeley said one of the main problems lies in welfare. "I am against making welfare a way of life," he remarked.

He said the welfare system in the state was drawing too much money from the state's treasury.

Hughes Is GJC Pres.

Harold G. Hughes has been named as superintendent-president elect for Grossmont Junior College District and Grossmont College.

The decision to combine the officers of district superintendent and college president was reached Monday night at a meeting of the Board of Governors of the district.

Hughes, presently serving as district superintendent, was named to also take over the presidency of the college, replacing John Hansen, who resigned recently to take another position in another district.

Hansen confirmed late last week that he will be assistant superintendent of education in the State Center Junior College District in Fresno, effective July 1. Hughes' new duties will also begin July 1.

The DIMMER VIEW

by MAX GOODWIN

Nazi Gets Grossmont Bid

George Lincoln Rockwell, the commander of American Nazis, if you can mentally hyphenate the name, has been invited to appear on the campus of Grossmont Junior College.

The date is not certain because the sponsoring group, the Grossmont College Open Forum Club, failed to get consideration for the appearance by college trustees after the club waited too late to get on the trustee's Monday agenda.

Frank Hart Jr., spokesman for the Open Forum Club, who is a mature and logical young man, said that the request would be made in time to be heard at the board meeting April 11.

We suppose the trustees will give a lot of thought to what they will say when the matter is heard. We know the campus suffered a loss of support when a communist spoke there last year.

Rockwell, who is a rabble rouser, has nothing to offer of social or educational value as far as we are concerned.

Young Hart, who will be moderator when and if Rockwell appears, is philosophical about it all. "We want to see what makes a guy like Rockwell tick," he said.

Hart said that a poll taken by the college newspaper indicated "an almost unanimous approval" of extending the invitation to Rockwell. A poll taken by Hart showed a "substantial" approval of the project.

In a letter to the Open Forum Club, Rockwell said in effect he would make the trip and make the talk because he was the only one smart enough to talk to the Forum. His fee, he said, would be $200, a reduction of his regular rate because he would be on the west coast during the period.

Rockwell would appear on the campus under the same Constitutional guarantees that many of us use as we try to help keep this country free. The youngsters are exercising their Constitutional rights in planning to hear Rockwell. Rockwell is using his Constitutional rights in saying his piece.

Our opinion is that the money and effort might better be utilized on a hundred other projects, many of which would have social and educational significance.

New Post Office For Lemon Grove

The Lemon Grove Post Office is going to be moved.

The big-wigs of the regional office at San Francisco are cogitating on where it will go.

There were five locations considered at the beginning of a study earlier this year. The choices may have narrowed down to one or two, although no one in the Department is talking.

We are pleased to see the move.

We are tired of the present Post Office building, perhaps the ugliest new building on Broadway. It has added no esthetic value to the community.

In fairness, it should be noted that the building was contracted for when the Post Office Department was on an economy kick and the building took on a spartan appearance as a result of this determination.

In fairness, too, it should be noted that the chuck-holes in the parking area in front of the Post Office is an economy-horse of another color. The owners of the property ought to be ashamed for allowing the street area to deteriorate like that.

We know where the proposed locations are: Three of them are on Broadway. One is at the corner of Imperial and Lester. Another is at the corner of Main and North. Neither of the latter two will be the one. Neither will the one on Broadway near Buena Vista, nor the one on Broadway near Washington.

The one that will be chosen is the location on Broadway next to the U. S. National Bank—we think!

We don't know who will design the building but we hope the developer will make a useful contribution to the beauty of the Lemon Grove community by asking that the design be more original than the box-like building the Post Office will be leaving.

Teevee Headed For LG Schools

Television is coming to Lemon Grove schools but the kids won't see Batman.

School trustees, in approving $4,000 worth of educational television, needed to make no qualification as to the programs. That will be handled by the County Board of Education.

Each of Lemon Grove's schools will get three receivers and the sets will be tuned to the educational channel.

Trustees Monday night at the regular meeting, also approved the purchase of approximately $4,000 worth of National Defense Education Act material and equipment. Geography and languages will be taught in junior high school by way of the NDEA purchase. The District is matching funds with NDEA Byron Netzley, school superintendent said.

IT'S A HIT — Before leaving for spring training, ace Los Angeles Dodgers pitcher Ron Perranoski met with officers of the California School Food Service Association. Here he helps President Maude Larson and President-elect Ruth Pfister of Lemon Grove ""cook up a storm" for their 13th Annual State Conference to be held in Los Angeles April 3, 4 and 5. Mrs. Pfister (right), Program Chairman for the Conference, is School Lunch Supervisor for the Lemon Grove School District. She will be installed as State President of the Association at the closing banquet on April 5.

Non-Resident Military Personnel Are Exempt From License Fees

An exemption from paying vehicle license fees has been given to non-resident military personnel stationed in California.

According to Mrs. Virginia Booher, registration supervisor at the La Mesa office of the Department of Motor Vehicles, a recent decision by the Supreme Court has declared that non-resident military personnel stationed in California need not pay vehicle license fees in order to obtain registration for their vehicles.

"This decision is retroactive to three years back," Mrs. Booher said. "They still must pay a $9 registration fee and $6 service fee, but the $2 cost per $100 of car valuation will not be charged." If the vehicle is a station wagon, the registration fee is $10.

Mrs. Booher said that persons qualifying under this new ruling should get in contact with their nearest Motor Vehicle Department office. "They should bring their 1966 registration card or the last registration card issued," she added.

San Diegan Elected To Convention Post

The new president of the California Association of Convention Bureaus is Wallace E. Hall, assistant convention manager of the San Diego Convention and Visitors Bureau.

Area Artists Open College Grove Gallery

The Foothills Art Association is celebrating the opening of its new College Grove Workshop and Gallery with an Open House on Friday, from 6 p.m. to 9 p.m. There will be an exhibit of paintings and refreshments will be served.

The Workshop-Gallery is located on the Lower Level, South, near the waterfall and will be open daily except Sundays from 10:00 a.m. to 5 p.m.

Gap Remains On LM-SV Board of Trustees

The 1966-67 budget for the La Mesa-Spring Valley School District was presented to the board of trustees at Monday night's meeting. The total amount was $7,623,681, as against the 1965-66 budget of $7,266,768. No action was taken on the new budget, but it was indicated it would be discussed at the next meeting. The board has until early August to act.

Also, no new person was appointed to fill the gap on the board left by Dr. Cyril Padfield, who resigned in February.

LaVerne Lewis, representing the Anti-Obscenity Initiative, sponsored by the California League Enlisting Action Now (CLEAN), gave a 20-minute talk to the board regarding obscenity of literature, "which eventually gets into the hands of our school children." This was a follow-up to a talk given by William Smith of Spring Valley at a previous board meeting. No definite action was made by the board, although they showed extreme interest.

The subject of prayers in the schools was again brought up and the board (with two members not voting) modified the District's policy on classroom prayer to compel time for silent prayer. Earlier, board member Victor Walton had proposed a moment of silent prayer in the schools saying that it is up to the individual child whether he wishes to pray or think a good thought.

Bandit Gets $74.50 In Liquor Store Holdup

Foothills Liquor Store, 8500 Broadway, Lemon Grove, was robbed of $74.50 Sunday night by a pipewrench - brandishing suspect

A white male, described as being six feet to six-one inches tall and wearing dark slacks with a dark sport coat, entered the store shortly after 9:30 p.m., rushing through the front door.

He commanded store manager John Francis Cihak to give him the store's money and then hit Cihak on the shoulder with a 14 inch grey metal pipewrench.

After taking the money, the suspect ordered Cihak to the rear of the storeroom and told him to stay there. The suspect then tore the telephone from its connection and fled on foot.

Girl Scout Chatter by Mary D. Giacinto

Over 300 girl scouts and their families enjoyed an out-door picnic and fun-day recently, sponsored by Girl Scout District 10. The four neighborhoods of District 10 planned an interesting schedule which included a May - pole demonstration by Spring Valley.

Lemon Grove troops were responsible for the Juliette Low World Friendship fund and the Girl Scout Recognition ceremony. A beautiful 3 tiered cake flanked by twenty smaller ones was decorated with 54 candles and proudly displayed on an outdoor table.

A girl scout from each troop lit one of the 54 candles while other girl scouts gave their troop donations for the Friendship Fund. $83 was realized from donations from all the troops.

Games for the Brownie and Junior levels of girl-scouting were organized by the Casa de Oro and the Oak Nel Neighborhood. One of the gayer events was the dad and daughter dance contest. Ray Kotnic and Bob Nye both won prize hats for "trying the hardest." The music was by the "Pearls," which include Edward Taylor, Richard Ramiz and Fred Alverado.

Chairman credited for the successful event was Mrs. John Leamons from the Lemon Grove Neighborhood.

Pro Writers Not Eligible

The La Mesa Writers Club at its March 22 meeting voted to go back to its original schedule of meeting just once a month. The next meeting (and work shop will be April 26.

Mrs. Mary Giacinto, president, said the Club's writing contest is now under way, but is off to a slow start as more contestants are needed. The rules of the contest have been published in **The Spring Valley Bulletin** and **The Lemon Grove Grove Review**, and will be in other publications, Mrs. Giacinto said. One other rule of the contest, which was not published at the first draft, is that professional writers are not eligible.

In extending its membership drive, the La Mesa Writers Club voted to lower the age limit to 18 years. All persons interested in creative writing are welcome to join, says Mrs. Giacinto.

National Horse Show To Have 12-Day Run At Fair

Already the world's largest, the San Diego County Fair's annual National Horse Show may even be larger than ever, Horse Show manager Eric Atterbury predicted this week.

The 12-day show, now in its 21st year, begins June 23, a day before the 77th County Fair opens. Both the show and the Fair close July 4.

Atterbury said he expects more than 2,000 horses and 7,000 entries. Both would be all-time records.

Five classes for Morgan horses, and two new $500 stakes will be added to the show this year, Atterbury announced. The Morgan classes are sponsored by the Morgan Breeders-Exibitors Assn.

The two new $500 stakes will be for amateur riders in 3-gaited and 5-gaited classes of the saddle horse division. Sponsors of the stakes are La Costa Country Club and Robert Rice of Rancho Santa Fe.

Horse Show contestants will vie for $27,400 cash premiums — also a record total. Top purses include two at $250, 13 at $500, and one at $1,000. About 100 performance classes will average $125 per purse.

Atterbury now in his seventh year as manager of the show, said the deadline for entries is May 23.

The National Horse Show will open with a four-day Junior Show, June 23-26, followed by seven days of open competition. Altogether there will be 232 separate competitive events in the 12-day show. Morning events begin at 9 a.m., afternoon at 1:30 p.m., and evening at 7:30 p.m.

Of the Horse Show's 4,200 seats, 1500 are box and reserved seats, for which patrons pay, and 2700 are general admission seats, which are free to Fair-goers.

Atterbury predicts not only the largest show in Fair history, but the finest.

Woman Scientist To Appear In SD For Zoo 50 Week

Baroness Jane van Lawick-Goodall, a young Englishwoman who spent five years among the wild chimpanzees in Africa under the auspices of the National Geographic Society, will be in San Diego to celebrate Zoo 50 Week with the city, April 3 through 9.

Miss Goodall's studies of the chimps on their own ground have been the subject of two National Geographic Magazine articles and an hour-long television special last December.

The scientist will appear at all Zoo 50 Week events, announced Sheldon Campbell, chairman of the Golden Jubilee Committee.

Zoo 50 Week officially opens the golden anniversary year of the San Diego Zoo. It is a week of activities that will honor the children of San Diego, to whom the Zoo is dedicated, the Zoological Society whose members have worked 50 years to make San Diego's Zoo "the world's largest collection of wild animals," and to citizens young and old who support the park, Campbell said.

Miss Goodall's first public appearance will be at the "world's largest children's birthday party" planned Sunday, April 3, opening day of Zoo 50 Week. She will meet with an expected 30,000 children from San Diego, the Los Angeles area and Arizona. Appearing with her will be TV star Marshall Thompson of the "Daktari" series.

During the week the young Britisher will be appearing at a full schedule of Zoo 50 Week events for San Diego's scientific community and the entire city.

Farm Income

Net income per farm in California decreased 3.5 per cent in 1965 as compared with the year before, according to information gathered by the Council of California Growers from the Economic Research Service of the U. S. Department of Agriculture.

ERS attributed the decline to "increased outlays for most expense items."

The lower net income occurred despite an approximately 6 per cent increase in gross farm income in California — from $3.65 billion in 1964 to $3.7 billion in 1965.

Higher gross sales were registered in such crops as potatoes, dry beans, tomatoes, and in cattle calves, and turkeys.

Lower gross figures, however, were recorded for oranges, grapes, peaches, sugarbeets, pears, and cotton lint.

The bridegroom is the son of Mr. and Mrs. John Slay of Chipley, Fla. He is presently attached to Fighter Squadron 103 in Norfolk, Va. The couple will make their home in Florida. Mr. and Mrs. Uecker operate the Star Lumber Co. of Spring Valley.

Design Details Due For Bridge

Design details of the San Diego-Coronado Bridge will be unveiled in San Diego Tuesday, it was announced last week by E. R. Foley, chief engineer of the Division of Bay Toll Crossings.

Design sketches of the toll plaza will be presented on the same day to the Coronado City Council. The toll plaza will be on the Coronado side of the bridge.

Foley said the design studies are being completed right on schedule, so that construction bids can be advertised in the fall, with construction work to begin by the end of the year.

Foley noted that cost estimates for the overall bridge project — based on the design studies — now approximate $40 million. This is approximately $10 million more than was estimated in the August, 1962, study of the San Diego-Coronado crossing.

California Legislators Receive 'Breathe-ins'

California legislators are nearly twice as interested in measuring their "lung functioning" as their counterparts in Washington, according to a report made yesterday by Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Association of San Diego County.

Sixty-four per cent of California lawmakers participated in a recent "breathe-in" co-sponsored at the state capitol by the Sacramento and state T associations. Only 37 per cent of members of Congress turned out for a similar health project in the nation's capitol last summer, she said.

Sen. Jack Schrade and Sen. Aaron Quick, a candidate for the reapportioned 40th district seat, and Assemblymen Clair W. Burgener, Richard J. Donovan, E. Richard Barnes, James R. Mills, and Hale Ashcraft, San Diego's legislative delegation, all participated — as did many of their staff members.

The legislature's lone physician, Sen. Stephen P. Teale, West Point, termed the lung screening of 498 persons in Sacramento a "smash hit."

All senators and assemblymen, and staff members, were invited to take lung function tests given with a portable breathing machine, a spirometer, which measures the rate of flow of air from the lungs.

Dr. Treganza said the screening test helps in the detection of emphysema, asthma, bronchitis, and other chronic lung diseases.

"Respiratory diseases now cause more time lost from work and school than any other illness or injury, and they are increasing. Emphysema alone last year cost Californians $1.36 million in disability payments," Dr. Treganza said.

Early detection of these diseases offers hope for successful treatment. He urged all citizens to follow the legislators' example and include a complete lung check-up in their yearly medical examinations.

$150,000 Total Reached In Heart Fund Drive

Returns in the 1966 Heart Fund Campaign total $150,000 to date, according to Don E. Patterson, campaign chairman. He expressed optimism that subsequent contributions will bring the final figure up to the $213,041 goal.

The flu epidemic reduced the ranks of volunteers collecting and counting Heart Sunday donations, Patterson said. Funds not yet in the totals include those from foundations established by several San Diego County families, from the Federal Services Committee for National Health Agencies and the mass mail portion of the Heart Sunday drive, he said.

Mrs. Elliot L. Cushman, Heart Sunday chairman, said the donations collected in the Heart Sunday canvass are still being tallied. The total to date stands at $45,000 she said.

The Big John Strong circus is coming to Spring Valley under the sponsorship of El Camino Medical Assistants Association for the benefit of Angels Unaware. The billowing big top will go up on the lot in the Casa de Oro business section at 9875 Campo Rd. next to the bowling alley. Performances are scheduled at 2 p.m. and 4 p.m. Saturday.

Bank Certificates To Pay 5 Per Cent

Bank of America this week became the first major California bank to offer California consumers a savings plan paying a premium five per cent interest.

The bank announced that it would issue time certificates in amount of $5,000 or more with six months maturity. These certificates will pay an interest rate of five per cent per annum.

Bank President R. A. Peterson said: "It is an opportune time to bring the advantages of generally rising interest rates to the California consumer. Heretofore, certificates of deposit paying premium interest rates generally were available only in denominations suitable for corporations or extremely well-to-do individuals. We feel our new plan brings the advantages of a high return and the safety of a bank to the individual California saver."

The bank announced that the new five per cent rate certificates are available immediately at any of its 900 branches throughout the state.

Dorsey To Make Music For LM Collegians

Tommy Dorsey was famous for making music with his trombone.

The La Mesa Collegians will be hoping that a young man from Iowa with the same name can make "music" with his bat.

This Tommy Dorsey, from Drake University, is a baseball player and according to reports received by Collegians' general manager Tom Lean Jr., he is adept at making his bat "sing" out those base hits.

Dorsey is only one of many horsehiders whom Lean will try to procure for the Collegians for the 1966 California Collegiate Baseball League season.

Five Pitchers

Already signed up are five pitchers whom Lean will count on to form the nucleaus of the collegian pitching staff.

They are Grossmont College's Al Layton and Tom Lean III. San Diego State's Ron Dargo, Daro Quiring of Stanford and Utah University's Dave Duncan. All are county prep products.

Others expected to re-join the team this season will be infielders Jerry DaVanon of Westmont College. Tommy Thompson of University of San Diego, San Diego State's Bob Conen. Stanford's Bob Boone and Bill Carroll of Mesa College.

Returning in the outfield will be speedy Jon Greene of Brigham Young University.

Newcomers

Possible newcomers to the outfield will be former La Jolla High star Ralph Stewart, currently at Midland College in Fremont, Neb., and Hubert J. Perkins III of Iowa State University.

Handling the managerial duties for the Collegians will be Hal Doerr, formerly with the Boston Red Sox organization. Pitching coach will be Skip Fenn, another former member of the Bostin payroll. Lyle Olsen of San Diego State will assist Doerr.

The Collegians finished in second place in the CCBL last year. In 1964 they were the champions and were also second in 1963, the loop's first year.

The CCBL will once again have an eight-team league, according to Lean, who doubles as the loop's president.

Lean reported that last Thursday night in Laguna Beach at a league meeting, Las Vegas was accepted as the eighth team in the league. The Nevada team replaces Gardena, Calif.

Area Horsehiders Lose In Prep Baseball Action

by Bob Wasilewski

Area prep baseball teams came out on the losing end of things in Tuesday's Grossmont League baseball action.

Monte Vista was edged by El Capitan, 3-2, and Mount Miguel dropped a 2-0 decision to league-leading Grossmont High.

The Monarchs fell behind in the first inning, 1-0, caught up and went ahead with two runs in the second but yielded single runs to the Vaqueros in the third and fifth innings.

Monte Vista scored its two runs in the following manner: After two were out, Tom Arnold walked. Glen Takahashi singled and Rick Aylward singled. Ron Tesch drove Arnold and Takahashi home with another single.

The Monarchs also lost last Friday when Helix took a 5-4 win. Monte Vista led 4-2 going into the seventh inning but yielded two runs to tie it up. Helix scored in the bottom of the eighth for the victory.

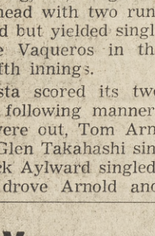

Mount Miguel's Matadors touched Bernard Linn for only four hits Tuesday in their loss to the Foothillers.

Grossmont scored single runs in the first and fourth innings to seal the win.

Dennis Lockhart gave the Hillers only four hits while pitching gamely in a losing cause.

Money Management

By Harold R. Glaeser

Recent tightening of interest rates and flucuations in the stock market are red flags to the investor with limited amounts of money to put out at risk.

Now is the time to reassess your investments to make sure over-extension hasn't taken place.

Perhaps passing up the next "hot deal" or two might consolidate your position and develop a "cash on hand" position to give you the financial strength to weather the readjustment period during the next 6 months.

Consult your tax advisor, attorney and life underwriter to make sure your estate is not subject to tremendous loss.

For answers to specific questions, write Mr. Glaeser in care of this newspaper.

Miguel Contestants To S.B. Speakoff

Five Mount Miguel seniors recently qualified to compete in state speech finals at Santa Barbara on April 29-30.

Representing the school will be the following: Boys' extemporaneous speaking: Pat Mills, last year's state champion and fourth in the nation; girls' extemporaneous speaking: Les Rex; girls' impromptu: Marsha Johnson; oratorical interpretation: John Winbury and dramatic interpretation, Donna Duschel.

The school has qualified 63 students for state finals in 9 years — more than any other school in the county according to W. R. Sanders, Miguel speech coach.

He said that contestants must win one of the top three places to qualify.

LETTERS TO THE EDITOR

Dear Editor:

Members of Expose as citizens support sound educational practices and the right to protect our children from politically-oriented pressure groups. Such things in our schools as sociometric questionnaires asking children to say yes or no to statements such as: "If people of a different race or religion moved next door to us, I'd want my family to move," should not be a part of the district educational program, and are, in fact, an invasion of privacy.

Therefore, we put our membership of over a hundred citizens of the LM-SV School District in full support of Dr. McCandless and Mr. Walton and their ideals of emphasis on basic education with a voice for parents and taxpayers. We do not support the type of permissive education Mr. Kuykendall and Mr. Jabusch evidently do. We feel also that they are nothing but rubber stamps for the administration.

Mrs. James F. Murray
Chairman of "Expose"

Editor:

I believe that everyone would want the city of San Diego to receive all benefits and glory possible out of any program or activity fostered by its citizens, By the same token, I do not believe anyone would want to deny credit to those who have rendered a public service that was of benefit to the city. I am thinking of recent publicity given to an organization claiming credit for the Unified Port.

As far back as 1952 the San Diego Industrial Development Council had as one of its main objectives, the expansion of the port of San Diego. While the port is well known as a navy anchorage, it was our belief that it had much greater potential; the Council felt that San Diego could become one of the main shipping points on the Pacific Coast, thereby increasing our foreign trade and expanding our economy.

The Council held many meetings over the years, it utilized radio, TV and other news media, to create a greater awareness of the great potential of the port and the need for unification. Now that the Port is a reality, some credit should be given to the Council, rather than to a Johny-come-lately organization, which saw no need to actively cooperate during the early and difficult period.

We seek no apology, only that credit be given to those who are honestly entitled to it.

Claar C. Tietsort, Pres.
S. D. Indust. Dev. Council, Inc.

Dear Sir:

Recently two events placed a sharp focus on the problem of tuberculosis.

First, 10 active cases of TB were discovered aboard the USS Wasp, a Gemini spacecraft recovery ship. Since the health of servicemen is zealously guarded, this helps indicate how tricky and deceptive tuberculosis really is.

Second, the San Diego County Department of Health announced that, for the third year in a row, there has been a gain in tuberculosis cases in the county.

Tuberculosis is a problem, no doubt about it! Some 610,000 Americans need attention because of it; 110,000 are known to have it; 250,000 have tuberculosis in inactive form that may become active; and 250,000 have had contact with active cases and may break down with the disease.

In addition, about 27.5 million of us suffer from one or more of the other chronic respiratory diseases — asthma, hay fever, chronic bronchitis and sinusitis, and emphysema.

It's never too late to fight tuberculosis and other respiratory diseases and on a year-round basis! Christmas Seal contributions may be sent to the Tuberculosis and Health Association of San Diego County at 3861 Front St., San Diego, Calif. 92103.

Sincerely yours,
Amorita Treganza, O.D.
Lemon Grove-Spring Valley Area Chairman
